29th January, 2018

CALL FOR PAPERS

Globally, with the changing dynamics and the rapid advancements in different industries, the security challenges have now become complex and we need more sophisticated technologies to combat these challenges. Like other countries, Pakistan is also facing new safety and security challenges with each day. Due to the prevailing security issues to the individuals and corporate sector, the safety and security industry in Pakistan holds a vast potential. The safety and security products present in Pakistan are a perfect mix of indigenous and foreign technologies thus offering an ideal platform for the foreign companies to showcase their offerings.

Safe Secure Conference serves as not only a business networking place but more importantly as a crucial knowledge-sharing platform that strengthen the competence and ability of both public and private sector workforces. The Conference will also create awareness about coping with pre and post security challenges related to people, property and assets.

SCOPE OF THE CONFERENCE

We welcome all the potential speakers to present their papers and submit their topics of interest from the following list; however we also accept new topics which deemed appropriate with the theme of the conference.

DISASTER & EMERGENCY PREPAREDNESS & RISK REDUCTION

- Fire and Emergency Services
- Disaster Management and Disaster Preparedness, remedying & reforming
- Hostage Survival
- Evacuation Planning

FIRE PROTECTION FOR PROTECTED ENVIRONMENT

- Fire Detection & Suppression
- Building Codes of Pakistan Fire Safety Provision
- Fire Protection Engineering
- Employee Health & Safety
- Design, Selection, Installation and Testing of fire pumps

CURRENT AND GROWING SECURITY THREATS

- Advanced techniques in securities incident prevention, detection & response
- Banking Security
- Identity Management
