Safe Secure Pakistan 2026: Building a Safer Tomorrow

16th International Fire, Safety, Security & Health Exhibition – **Safe Secure Pakistan 2026** continue to provide a robust platform for global and local players to showcase their innovative technologies and solutions. With a strong focus on innovation, safety compliance, and integrated security systems, the exhibition serves as a dynamic platform for B2B networking, live demonstrations, and knowledge-sharing sessions.

This year's edition will highlight advancements across **Fire Fighting, Security, Occupational Safety, and Health** sectors, offering participants the opportunity to explore new products, discover emerging trends, and connect with key stakeholders shaping the future of safety and security.

Join us as we bring together industry professionals, government representatives, and thought leaders to explore advancements, foster collaborations, and address challenges in Fire Safety, Security, and Health. Together, let's work towards creating a safer, more secure, and healthier future.

Key Sectors

Fire Fighting: **"Innovations in Fire Prevention and Protection"**

The Fire Safety sector focuses on cutting-edge solutions for fire prevention, suppression, and protection. From innovative fire alarms to advanced firefighting systems, this segment showcases technologies designed to save lives and protect property.

Key Solutions on Display:

- Fire Detection & Alarm Systems
- Fire Suppression Technologies
- Firefighting Equipment & Gear
- Fire Prevention Systems
- Smart Fire Protection Innovations

Explore live demonstrations of fire suppression systems and engage with experts shaping the future of fire safety.

Security: **"Integrated Security Solutions for a Safer World"**

The Security sector highlights the latest advancements in surveillance, access control, and cybersecurity to ensure comprehensive safety across industries, homes and businesses.

Key Solutions on Display:

- Surveillance Systems (CCTV, AI Monitoring)
- Access Control & Biometric Systems
- Perimeter Security Solutions
- Alarm Systems & Intruder Detection
- Cybersecurity & Digital Safety

Discover technologies that redefine safety and security in an evolving world, ensuring peace of mind for organizations and individuals alike.

Safety: "Enhancing Workplace & Industrial Safety"

The Safety sector showcases critical solutions for ensuring workplace safety and compliance with industrial standards. This segment focuses on minimizing risks and protecting workers through innovative safety tools and systems.

Key Solutions on Display:

- Personal Protective Equipment (PPE)
- Industrial Safety Gear & Systems
- Emergency Response Tools
- Safety Compliance Solutions
- Warning Systems & Signage

Learn how the latest safety technologies can transform industries into safer work environments, protecting employees and enhancing productivity.

Health: "Promoting Health and Well-Being"

The health sector focuses on emergency healthcare, workplace health tools, and innovative medical solutions that safeguard well-being and ensure rapid response during critical situations.

Key Solutions on Display:

- Emergency Medical Equipment
- First Aid & Rescue Systems
- Workplace Health & Wellness Tools
- PPEs & Sanitization Solutions
- Health Monitoring Technologies

Experience live demonstrations and explore solutions to promote a healthier, safer workplace for all.

Live Demonstrations & Event Features: "See Solutions in Action – Live Demonstrations"

Experience cutting-edge fire safety, security, and health technologies through real-time, interactive demonstrations.

Witness how innovative systems work to prevent hazards, ensure security, and save lives.

Event Features:

- Live Demonstrations of Fire Suppression Systems
- Smart Security and Surveillance Systems in Action
- Hands-on Experience with Safety & Health Equipment

Special Events:

- B2B Networking Sessions
- Panel Discussions on Safety and Security Trends
- Technical Workshops by Industry Experts

Why Participate?

"Your Gateway to Safety, Security, and Health Solutions"

Event Features:

- Access to a targeted audience of buyers and decision-makers
- Showcase innovations to industry leaders and government officials
- B2B matchmaking to grow your network
- Discover the latest technologies and solutions

Join **Safe Secure Pakistan 2026** to position yourself at the forefront of safety, security, and health advancements.

Exhibit Profile

Internal Security and Policing

Emergency, Disaster & Rescue Management

Surveillance & Tracking and Traffic Systems

Communication, IT Cyber safety

Access Control

Fire Fighting

Exhibition Rates

SHELL SCHEME (minimum 9sqm)

Fascia Board with
Co. Name & Stand No.

White Laminated
Plywood Partitions

5 Amp 220V/50Hz Single
Phase Electrical Socket

3 Spotlights

3 Chairs

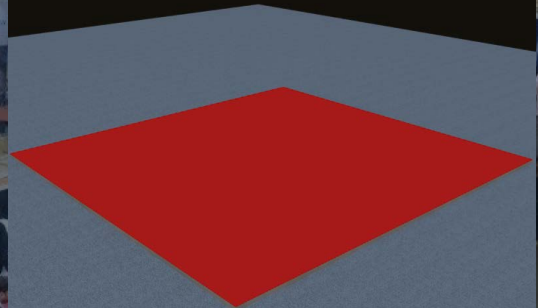

1 Information Counter

1 Round Table

1 Trash Bin

SHELL SPACE COST: US\$ 340/sqm

BARE SPACE (minimum 18sqm)

BARE SPACE COST: US\$ 295/sqm

Note:

- Sales Tax 16% will be levied.
- Additional US\$ 50 will be charged upon the request of Island Booth, US\$ 45 for Three Sides Open Booth & US\$ 40 for Two-Sides Open Booth.
